

ScoopFree® Clumping Self-Cleaning Litter Box

The PetSafe® ScoopFree® Clumping Self-Cleaning Litter Box is easy to set up, use and maintain. No scooping means you and your cat can enjoy more moments together.

To set up the litter box, simply plug it in and fill the litter tray with your cat's favorite clumping litter. Sensors inside the litter box recognize when your cat is present. A 10-minute countdown cycle begins when your cat leaves the litter box. If your cat returns to the litter box, the countdown cycle will stop and reset when your cat leaves the litter box again. When the countdown cycle is complete, the rake moves any solid or clumped waste into the waste bin, leaving the litter clean and fresh. The rake flips over on its return path to smooth and level the litter bed.

Fill it, leave it, refresh it — Empty the waste bin about once a week, periodically refresh the litter and you're good to go!

Features

- No more scooping, seeing or touching your cat's waste
- Works with your cat's favorite clay clumping litter and most other litter types – no trays needed
- Offers superior odor control by trapping waste and unwanted odors in the covered waste bin
- Detachable metal rake automatically removes waste and litter clumps
- High walls reduce tracking and help keep litter inside the litter box
- Large, easy-to-clean litter area is designed for single and multi-cat households
- Waste bin, litter tray and rake are easy to remove for cleaning

System Includes

- ScoopFree® Clumping Self-Cleaning Litter Box
- Power adaptor
- Quick start guide
- One-year limited warranty

No Scooping, seeing or touching waste

Great for multiple cats
